Driving Out Hunger" Gears Back Up

Local business extends food drive to serve more families in need. After successfully collecting more than 1,885 pounds of nonperishable food during the month of May, local NAPA Auto Parts stores and NAPA AutoCare Repair Centers are extending their "Drive Out Hunger" food drive campaign to the end of June in hopes of helping even more local families in need. To participate, individuals can drop off food items to any of the participating NAPA stores and repair centers. Family-friendly foods are in highest need, including peanut butter, canned tuna, cereal, dry pasta, canned fruits and vegetables, and juice.

Drive Out Hunger, which benefits Interfaith Community Services, aims to unite the community and respond to the critical demand for food in a big way. With the economic downturn, Interfaith has consistently experienced a 40 percent increase in families needing emergency food assistance. For more information about the campaign, contact Kimberly Deutsch of NAPA at 760.752.1112, Ext. 204. Sites located within our distribution area are:
